

## Classic Lark's Head Knot Instructions

1. Pull open the knot until the loop is big enough to fit the wind catcher through.

2. Pull the loop over the catcher and out of the hole.

3. Thread the loop through the hole of the new wind catcher.

4. Pull the loop until it is big enough to fit the wind catcher through.

5. Pull the center cord until the loop tightens back to the original starting position.
